PERMATHANE

CUSTOM MOLDED URETHANES

MITL

POLYURETHANE PRESS-ONS

Perma-80

- Softest poly material in the industry reduces vibration, protecting equipment and drivers
- Premium poly tire specially formulated to resist wear and tear—outlasts rubber as much as 3:1
- Highest traction poly available for improved handling and safety
- Poly material exceeds load capacity of rubber—rated up to 54%
- Non-marking, chemical resistant material prevents damage to finished floors

Perma-90

- Quality compound blends high performance and value
- All-purpose workhorse compound for use on almost any surface
- Traditional black material for tough applications
- Non-marking and chemical resistant

Perma-Hiload

- Hardest 95 durometer compound provides up to 15% greater load capacity than other polys
- Formulated for abrasion and chunking resistance
- Minimizes heat build-up and tire deflection
- Non-marking and chemical resistant
